

NEWS AND BITS - October 31, 2008

THE FUTURE OF GSLAD IS IN OUR HANDS!

Greetings to GSLAD members! This is time of year to start thinking about the future of GSLAD.

With the upcoming election on November 8, 2008, it is our responsibility to chart a course for the future.

Yes, the future of GSLAD is in our hands! It is simple as we look upon our membership and see who can help lead this fine organization into the future.

It requires a deep and serious thinking of what will happen next. It takes commitment and planning to move GSLAD forward.

All activities and events at GSLAD require commitment from each of us to help bring forth the fulfillment and satisfaction for our duties as members.

The last 3 years since we opened our hall, we have shown a success track record of events.

Yes, it is happening because we did it!

According to GSLAD's bylaws, GSLAD's mission is to provide social, charitable, athletic and educational opportunities for members of GSLAD and friends of the Deaf in the metropolitan St. Louis area.

SOCIAL – We can meet at GSLAD Hall anytime! We arrange meetings, parties, events, and programs that brings us together to enjoy the times together. Let's socialize more!

CHARITABLE – We are fortunate to have what we have for GSLAD members and at the same time, we want to think of our deaf friends in the community around us. We open our hearts and minds to help one another. This is why the doors are open anytime. We encourage our friends to prosper and appreciate our charitable offers. Join us in helping everyone!

ATHLETIC – We are fortunate to have members and friends participate in fun activities that provide leadership and social skills. We appreciate our teams when they represent GSLAD in competing events. We participate in sports such as basketball, softball, bowling, dart throw and many more. Let's play games!

EDUCATIONAL – It is an important part of our goals to serve the community. We learn something new everyday and benefit from it. We have workshops and training to meet the needs of our members and the community. Join us in learning and prosper! We can do it!

We welcome you with open arms in moving forward into the future! You are part of the future and you will be glad that you did it!
